CAPTURED REBEL CORRESPONDENCE.—We copy the following from the letter of the Hecks (Ark.) correspondent of the New York Tribune, dated Aug. 10, 1862:

"The arrival of Gen. Curtis's army at this place, considerables of troops have been kept at points within a circuit of twenty miles, and an expedition has been made up the St. Francis river, and we have had a number of rebel mail passing to and fro between Little Rock and the army of Gen. Bragg, east of the Mississippi. Several of the letters report important movements, and a general interest. The two following are from Brig.-Gen. T. C. Hindman, commanding the rebels in Arkansas, to Major-General of State Hecks, Western Department, Tupelo, Miss., dated July 18, 1862:

GEN. HINDMAN TO MAJOR BRENT.  
HEADQUARTERS ARKANSAS, DISTRICT OF DIXIE,  
LITTLE ROCK, ARK., July 18, 1862.

"I have now at my different camps of instruction in Arkansas, and on the march to these, thirty (30) regiments of infantry, averaging 1,000 men, if not more, in each, one thousand in the regiments. Of these not three thousand are armed.

In North Louisiana I have three (3) regiments under command.

In Missouri six (6) regiments are forming for which I have now 1,000 men.

In the Indian Country there are four (4) or five (5) regiments whose arms are worthless.

I have gathered up by purchase and impressment about 100 regiments of cavalry, and 100 regiments of infantry, one thousand men in each, which can be obtained.

Of those that I have only about eight hundred (800) are valuable, the balance being scattered among the tribes.

In response to my numerous appeals for arms, Gen. Beauregard ordered turned over to my ordnance officer, Major Lockman, some four hundred and forty (400) damaged shot-guns and rifles, and sent me a worthless letter. These have received.

On the 1st of August, I sent to the rebels in the Arkansas river, a Union force of between two thousand (2,000) and five thousand (5,000) is in the Cherokee Nation. Another Union column of the same strength is in Northwest Arkansas.

It is difficult to determine in the way of defense—with out these I am helpless.

There are old muskets and batteries in abundance east of the Mississippi. I apply for them. The requisitioned force is not sufficient of my men. I have stated the facts. Begging and complaining cannot add to their strength.

Very respectfully, G. C. HINDMAN.

Major G. C. HINDMAN, Commanding.

Major G. W. BRENT, Chief of Staff, Headquarters Western Department, Tupelo, Miss.

May I ask a copy of this forwarded to the Secretary of War immediately? T. C. H.

"I hope not to be thought impudent, but I have a number of important documents that are upon me. I am sure you would send Cleburne and Marmaduke to me. I stand, except my staff, absolutely alone. There is no one to help me. The God of Heaven, I trust, will help me. I have asked, with two other officers, and the old masters and batteries east of the river I will be content, and will trouble you no more. Very respectfully, T. C. HINDMAN.

Mr. Jim, an "intelligent contraband," who was well known in this city as a servant of Blant, Duncan & Co., who accompanied him South, has returned to the city. Jim followed his master to Virginia, and subsequently returned to Nashville. After the evacuation of Nashville by the rebels, Blant, in his flight left Jim in the hands of David W. Yandell, the rebel Surgeon. He remained with Yandell until the evacuation of Corinth, when Yandell in turn abandoned him. A few days later Jim fell into Federal hands, after which he was set at liberty. He says: "Major Blant" is flush with funds; that he has no money in his possession, large amounts of which have been forwarded to him by persons residing in this city, for what purpose he does not know. As he was with Dr. Yandell he had opportunities to gather information which could not be gained by others. He says that the rebels were terribly whipped in the battle of Shiloh, and that a great proportion of the army retreated eight miles south of Corinth, and their continued flight was stopped with great difficulty. The charge which was made by the Louisville Legion upon the Fifth Kentucky rebel regiment was a most farcical. Jim states most positively that this was a dozen men in the entire regiment escaped death with serious wounds. After the battle of Shiloh the rebels regrouped their men, threw down their arms and utterly refused to remain longer in the service. In consequence of their mutinous conduct the Major of the regiment and five others were executed.

SCHOOL AT MUNFORDVILLE.—A correspondent at Munfordville, Hart county, gives us a most gratifying account of the examination and exhibition of the pupils of Mr. Geo. R. Taylor's school on the 10th inst. Both the examination and the exhibition were creditable to both teacher and pupils. Mr. Taylor, who is a graduate of Middlebury College, is a man of great tact and is beloved by his pupils. The fall term of the school will commence the second Monday in September under the most flattering auspices. Mr. T. having engaged a music teacher and a full corps of assistants. Munfordville is located on the Louisville and Nashville Railroad, in a healthful region, and will be secure against all guerrilla raids, as these will always be ample protection at hand.

REFRESHMENTS AT WOODLAWN.—Messrs. Cawein & Co., the popular proprietors of Walker's Exchange, were awarded the privilege yesterday to supply visitors at Woodlawn with refreshments during the fall and spring races. This will be gratifying intelligence to those who will visit Woodlawn during the approaching racing seasons. The saloons and refreshment stand will be under the general supervision of Mr. Kohlhepp, whose taste is unequalled and whose liberality is princely. Important alterations will be made in the arrangement of the saloons, and ample time will elapse before the first meeting, which will commence on the 6th of October, to make new and choice selections of such stores as will tempt the palates of epicures and inbibitors.

NEW FIRM.—We announce in our advertising columns this morning the organization of a new firm under the style of J. Anthony & Co., at the old stand of J. H. C. & Co., Fourth street, below Main. The new firm will deal extensively in cedar, and wine vinegar and pure Bourbon and rye whiskies. Mr. Anthony was for many years connected with the Journal office in a business capacity and we take pleasure in bearing witness to his loyalty, business capacity, and reliability. Mr. Briggs, his associate, is thoroughly practical, and we earnestly recommend the new firm to the esteem and patronage of the business community.

LAONIC SWORD PRESENTATION.—We learn from the New Albany Ledger that a rather laconic sword presentation took place at Camp Noble yesterday. A member of the Sixty-sixth Regiment purchased a sword for Capt. Gerard, and Capt. J. H. Fawcett was deputed to present it. The Captain did as follows: "Here, John, is a sword." Capt. Gerard took it and replied: "Thank you, I'll see you again about it after I have tried it." The presentation and reply were both to the point.

A GOOD APPOINTMENT.—Superintendent Gill, of the Louisville and Frankfort and Lexington and Frankfort Railroad, has appointed Mr. H. W. Stager to take charge of the road. Mr. St. has filled the position of assistant superintendent and chief telegrapher for some time to the entire satisfaction of the company, and he will be entitled creditably in his new position.

NEW MILITARY DEPARTMENT.—A new military department, to be composed of the States of Kentucky, Ohio, Indiana, Michigan, and Wisconsin, has been formed, under command of Maj. Gen. H. G. Wright. General Wright graduated at West Point in the same class with Gen. Buell, and is held in high esteem in the army.

"WE" LEARN from the Evansville Journal that the Sixty-fifth Indiana regiment has taken up its line of march for Kentucky. On Monday four full companies, armed, uniformed, and equipped, passed down the river to Henderson to take the place of Colonel Garvin's command, who returned to the point.

HENRY'S REPAFFING RIFLE.—Mr. Stanton, the agent for this most remarkable and efficient of all firearms ever invented, is again in our city prepared to negotiate for the sale of the splendid weapon, the depot being now at the store of A. B. Sample & Co., on Main street.

This weapon has created a great sensation wherever known, and it would have done so even in ordinary times. It has no defect, it is liable to no objection whatever, and its combination of advantages is not only wonderful but unparalleled. It is sighted for various distances from a hundred to a thousand yards, doing wonderful execution at 1000 yards, and can be loaded with a single charge in easily. We should have a cord of leaden cartridges, and the whole can be fired off in a few seconds; it has all the nice accuracy of the old Kentucky rifle, and is as simple in its construction as to never get out of order; no immaturity in water or length of time the loads are retarded endangers the loss of a shot; there is no conceivable possibility of an accidental discharge no matter what force may be brought to bear upon the weapon; and, if at any time there is occasion to withdraw the fifteen charges, the whole work can be done almost as quick as fifteen bullets could be turned out of a barrel.

If any of our friends want protection in their homes, or if any of them are going to hunt gulls or intend to take them place anywhere in the arms of the Union, we earnestly advise them to buy themselves a Henry rifle. In our opinion, there is no other better rifle with which to arm a soldier than the Henry rifle.

This weapon has a great advantage over the Kentucky rifle, in that it can be loaded with a single charge in easily.
